Super Fun Campus Introduction

In this issue of our newsletter, we are delighted to share with you what has been happening inside our wonderful new English Room (SUPER FUN CAMPUS).

On 8th September, we had our official opening ceremony and for the past 3 months, we have been making use of the 5 theme areas of the room quite extensively.

Our hope is that we can continue to bring a new vibrancy to the learning of English - authentic and lively lessons that will produce a new level of participation from the students and rekindle their interest in the learning of the language.

Super Fun Campus Exchange

Back in April of this year, we welcomed teachers from our sister school, “Panyu District Guangzhou City Experimental Primary School”. This was a good opportunity for these teachers to observe and hopefully adopt teaching methods and strategies that the EDB has encouraged schools in Hong Kong to use. Miss Angel and our P6 students demonstrated a Key Stage 2 reading lesson. Students were able to practice many skills including speaking, writing, presentation and communication skills.

Feedback from Visitors:

“Pupils are confident and able to use fluent English to communicate with teachers and classmates.”

At the end of October this year, we welcomed “Teachers Study Group” from Hongzhou. This time, we gave them a taster of what a KS1 reading lesson looks like. Miss Angel read the book “The Gingerbread Man” and used different post-reading activities for consolidation.

Feedback from Visitors:

“The facilities in the English Room are unique, It provides an interesting and highly interactive learning environment for the pupils.”

Super Fun Campus Highlights

The students of ASPCPS get many opportunities throughout the year to come to the Super Fun Campus. They can enjoy the English-centric fun time with Ms. Angel and Mr. Cam. Each day there are various different creative activities waiting for them.

Here is one of our trusted P6 Ambassadors, Damon, leading a game of Snakes and Ladders.

It looks like young Gillis has a BINGO!

Pin the Spider on the Web can be tricky when you can't see.

Ms. Angel and her Ambassadors entertain a class with an interactive phonics game.

Some P6 girls enjoy the Christmas cookies they made themselves with Mr. Cam.

Some enjoy the phonics board games while others join Ms. Angel at the interactive floor.

Mr. Cam and Mr. Bruce's Halloween green screen was a big hit.

Hanifah is doing a great job in helping to decorate the Super Fun Campus Christmas Tree.

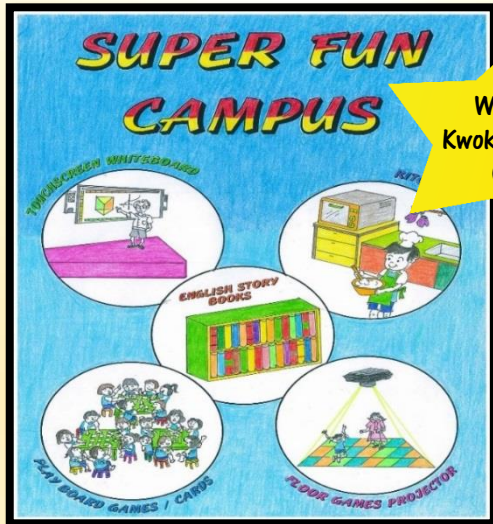

Becky gives it all she's got in this fast game of "Hang the Baubles".

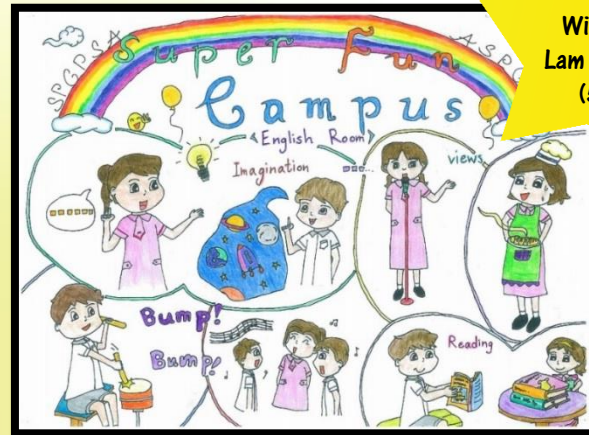

The Super Fun Campus is certainly open for business and is doing very well to live up to its name. We look forward to seeing what the new year will have in store. See you in Super Fun Campus !

English Poster Competition

To celebrate the official opening of our new English Room (SUPER FUN CAMPUS), we encouraged the students' participation through a poster competition. They were asked to imagine what kind of fun learning would take place in this room and design a poster to reflect that. Below are the winning entries:

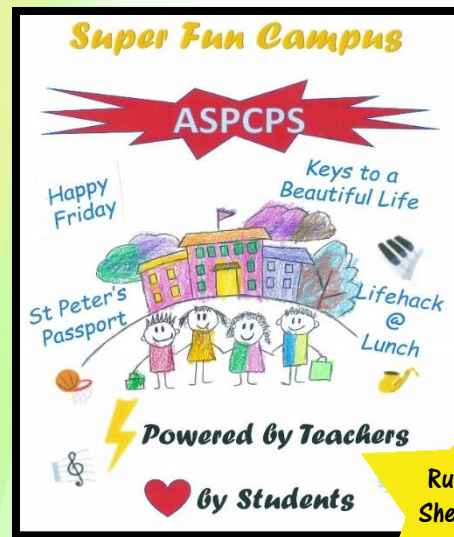

Winner:
Kwok Yee Lam
(2D)
